## What kind of Chametz can you eat on a Pesach trip?

### Karpas.

You get it? Karpas is part of the Seder. Kar is car. Pas means bread. We would say Pat, but that wouldn't work. This will work next year.

### RABBI ANSWERS HIS PUPILS

## Dear Rabbi. I have been keeping the Mitzvahs, but I don't feel Frum. What can I do to feel like a more religious Jew?

Shalom My Dear Pupil. Look at other people. If you can put down other people, you will feel more religious. It has nothing to do with you. Here's how to put down other people.

- They only had twenty-five guests at their Seder. Apikorsim.
- His Tefillin are so small. Probably got them from his Zaidy. My Tefillin are huge and meaningful. I would never trust his Hashgacha.
- I don't think I saw a Hadassah Cookbook in their home. Not Jewish. Don't trust them. They can't even make a Kugel. Heretics.
- They ate at the Helmwowitz family. I would never eat there. Their kids don't even close their eyes for the Shemonah Esrei.
- I saw him at the butcher. Didn't even buy chopped liver for Shabbis. Are they even Jewish?! He said 'Shabbat Shalom.' He's not even Jewish. Have a Good Shabbis.

- They were walking around the block. I heard him say he was exercising. I told you, you shouldn't count him for a Minyin. Didn't even call it a Shpatzir. Called it exercise.
- They only got two calendars for Rosh Hashana. Even the Federation doesn't think their Jewish- they think everybody is Jewish. Chabad definitely doesn't trust them.
- They went down to New York and didn't even go to Brooklyn. I heard they went to the Bronx. Are there even Jews there. They've never even been to Monsey. I heard they go to Israel for the Yom Tovim. Jews don't do that. I overheard them say 'Chagim.' If they get an Aliyah, I'm leaving this shul.
- They didn't even go to a hotel for Pesach. They eat in their home on Pesach. I told you. Apikorsim. Her Shaytel. It's a Shanda. They don't even know Charles Tyrwhitt. Always say, 'I would never eat at their house.' All statements of belittlement should end with that. It will help you feel more religious.

### SERMONS OF REBUKE: SHEMINI

Shabbat Shalom My Pupils...  
*(Vayikra 9:21) It says, 'As Moshe commanded.' Aaron did as Moshe said. It's good to have people who listen to you... Sometimes, you listen to your leaders... If the bakery would've listened, they would have sold thr Chametz and they would've purchased Di Paolo bread and called it Challah... It tastes better than their bulkies. This is the beginning of the priestly service. The consecration. Celebrate beginnings. It is from here that all other services will happen... They sacrificed. They didn't burn down a tree... I know you were making a fire to burn Chametz. You burned down*

the shul's awning. We almost lost the shul due to your Pesach zealotry... Moshe didn't tell Aaron to burn down a tree. They were sacrifices... Due to Aaron's doing this the right way, they were able to bless the people. You can't bless the people when you have no bread and the shul is burnt... It's called anti-Semitism Bernie. Your burning of the Chametz was antisemitic... After stuff is done correctly, H' can join in the blessing... No blessing at Felsenthal's Bakery. They made the worst Challah. An anti-Semitic Challah... Two days with one day break is a four day Chag. Especially when the bakery doesn't sell Di Paolo.

*Rivka's Notes on Rabbi Mendelchem's Drasha:*  
 The rabbi made it clear the kosher bakery was anti-Semitic. Thanks to the rabbi, their business skyrocketed after the Chag. Everybody wanted to buy Chametzdik from anti-Semites.

## SHUL ANNOUNCEMENTS

**Due to the heretics at the bakery, the rabbi said you can't buy from them till October. By that time, we're praying the Jews of our community will have bought the bakery's Chametz.**

**The fire at the shul was not an act of anti-Semitism. It was an act of members doing something. The Biyur Chametz fire was too large. We now have to repaint the outside of the shul. We ask people not make fires on shul property, even if they are doing a Mitzvah. We ask fires should be contained on shul property. Not just in a forest. Even if we believe in H' the One who made fire. General request from the board:**  
**We ask members not help.**

**Due to the annoyance of membership, and the rabbi not wanting to see them, we're adding another three weeks to Pesach. The rabbi ordered it. He called the hotels. They will take you back for another thirty thousand dollars. It's a deal and it will make the rabbi happy.**

The fridge is full again, and it all cost less than a pound of Matzah.
